OECD GUIDELINES FOR MULTINATIONAL ENTERPRISES
MOROCCAN NCP
REPORT TO THE OECD
2015

COMMON FRAMEWORK FOR ANNUAL REPORTING BY NATIONAL CONTACT POINTS TO THE OECD GUIDELINES FOR MULTINATIONAL ENTERPRISES

June 2014-December 2015¹

The role of National Contact Points is to further the effectiveness of the OECD Guidelines for Multinational Enterprises (the Guidelines) by undertaking promotional activities, handling enquiries and contributing to the resolution of issues that arise from the alleged non-observance of the Guidelines in specific instances by individual companies. NCPs will operate in accordance with core criteria of visibility, accessibility, transparency and accountability to further the objective of functional equivalence.

National Contact Points must regularly report to the OECD Investment Committee on the nature and results of their activities to further the effectiveness of the Guidelines including implementation activities in specific instances.

This Common Reporting Framework, based on the Implementation Procedures of the Guidelines, assists NCPs in the preparation of these reports. The information provided by NCPs is the basis for the Annual Report to the OECD Council on the Guidelines for Multinational Enterprises. It is also used to produce Annual reports of individual NCPs (NCP Annual reports).

¹ Until 2014, the reporting period for NCPs covered activities undertaken from June to June. From 2015 the reporting period will cover the period from January to December of each year. For practical reasons, the 2015 reporting period will also cover activities between June and December 2014.
